13 July 2017

Dear St Damian's,

**School Bus Services 2017/2018**

**School Buses** - Attached are details of the services that will operate for your school during the new academic year.

**Changes** – Due to the fact that a very large number of children have applied for passes for the Y48, this service has been revised to operate as an ordinary school bus with an additional short journey from Lees Road to enhance capacity. The service has been renumbered 775 and children will not be required to have a pass in order to travel on it. Both afternoon trips will pick up inside the school grounds meaning that service 770 will need to operate from Lees Road. In addition, service 771 and the morning 770 will be operated by Stott's.

Also attached is a bus operator list containing contact details for the operators covering these services.

**Fares and igo cards** – Details of fares on school services including igo cards can be obtained from our website at [www.tfgm.com/buses](http://www.tfgm.com/buses)

Further information and general enquiries for pupils with regards to bus travel can be obtained either by telephoning Traveline on 0871 200 22 33 or through our website.

Yours sincerely

**Debbie Farnworth**  
**Service Planning and Development Specialist**  
**TfGM**
