

Cultural Capital newsletter

Each half term we will share a topic of interest for you to further explore at home with your children. This will help your child to have an appreciation of the world in which we live whilst educating them about fun and interesting facts.

March 24

March 24 topic: Albert Einstein		
Test your knowledge.	Image	Test your knowledge.
<p>Albert Einstein was an extremely talented musician. Einstein began playing at six years old and stopped in the early years of 1950 due to a doctor's advice. Do you know what instrument he played?</p>		<p>Einstein was known for inventing 2 creations. One object was a gas absorption heat pump, and the other is something we use and see daily. What was it?</p> <p>Hint: It's in your house.</p>
Fact – Did you know?	Image	Fact
<p>Did you know, Einstein's last words were said in German? The exact wording is uncertain, however, according to his secretary, Helen Dukas, Einstein's last words were, "<i>Ich liege in den Händen eines Schicksals, das ich nicht beeinflussen kann.</i>" This translates to "<i>I am in the hands of a fate that I cannot influence.</i>"</p>		<p>Einstein's brain had a much shorter lateral sulcus that was partially missing. His brain was also 15% wider than the average brain. The researchers think that these unique brain characteristics may have allowed better connections between neurones. This is important for math and spatial reasoning.</p>
