COVID 12-15 Year Old School Based Immunisations

Dear Parent/ Carer,

As you may be aware, it has now been recommended that the covid 19 vaccination is rolled out to all healthy 12-15-year-olds. This vaccine will be given by Immunisation Team in Schools. We will be in contact very shortly with schools regarding scheduled dates.

In the meantime, we would really appreciate if parents could complete the following short online survey, which will aid us in our planning.

Please note this is **not a consent process**.

We understand that parents/carers and children may have questions they want to ask and as a team we are available Monday to Friday to answer any queries on **0161 366 2139**.

Alternatively, you can access www.nhs.uk or www.gov.uk Covid 19 vaccination resources for children and young people.
