### Applications

The ASFC Application Form is now live for students starting in September 2021. Students can complete the online application by visiting [www.asfc.ac.uk/apply](http://www.asfc.ac.uk/apply)

Once students have submitted their application, they will be then given an Interview appointment. During this autumn term, all interviews will be conducted over the phone - so it is important that students do give us a correct mobile number and check their emails regularly.

### Student Interviews and application deadline

ASFC interviews this term (November & December) will take place by phone. The deadline for applications is Friday 29th January 2021. It is important that students do give ASFC a correct mobile number and check their emails regularly.

ASFC will of course aim to get students into college to meet them as soon as it is safe to do so.
